## Skills

---

**Frontend Technologies:** HTML5 | CSS3 | JavaScript | Next.js | React.js | Material-UI | Redux | Tailwind | NextUI

**Backend Technologies:** Ruby | Ruby on Rails | Firebase v9

**Tools:** NPM | Git | Yarn | React dev tools | GitHub | Cypress | Figma | Trello | Webflow

## Experience

---

### Refound

Aug 2023 - Sep2023

Software Developer Intern

- Developed dynamic and responsive user interfaces with React.js, optimizing user experience and enhancing website interactivity.
- Implemented Cypress for comprehensive end-to-end testing, validating website functionality and ensuring a high standard of reliability for users.
- Leveraged Tailwind CSS for rapid UI development, achieving consistent and modern design aesthetics.
- Over a 4 week internship, conceptualized and created 10 distinct website pages for dual sided survey application. Integrated React, Tailwind CSS and JavaScript, while leveraging Figma for design mock-ups.

### LEARN Academy

May 2023 - Aug 2023

Full Stack Web Developer Student

- Gained experience in building Rails and React applications with user authentication using Devise. Full CRUD functionality with a minimum of 60% testing code coverage.
- Accumulated 640+ hours of hands-on coding experience.
- Utilized effective communication and cooperation through pair programming with 9 other students.
- Utilized Git version control and the GitHub interface to work and thrive in a virtual and collaborative team environment
- TA- Jumpstart Weekend for a group of 12 prospective students, focused around HTML, CSS and JavaScript fundamentals.

### US Navy

Apr 2014 - Jan 2020 (Reserves)

Crypto Key Manager (2020-Reserves)

- Managed a team of 10 sailors in overseeing 116 controlled cryptographic equipment valued at \$1.5M.
- Ensured flawless execution of key management across all facets, bolstering operational readiness and security assurance.

Electronics Technician (2014-2020)

- Conducted training sessions for 250+ junior technicians on electronics systems, imparting knowledge and best practices to enhance their technical skills.
- Troubleshoot and diagnosed electrical and electronic malfunctions on 300+ green gear radios using advanced diagnostic equipment, resulting in quick and accurate repairs.

## Projects

---

**Portfolio:** [landing-page-mocha-eta.vercel.app/](https://landing-page-mocha-eta.vercel.app/) | **GitHub:** [github.com/AJCodes1](https://github.com/AJCodes1)

- Created a startup landing page for future personal projects.

## Education

---

**Frontend Simplified Bootcamp**

Mar 2022 – Jul 2022

**Advance Electronics & Computers Field (US Navy)**

Feb 2014 – Dec 2014

**SouthWestern College** ( 66 credits | Math focused )

Aug 2011 – Dec 2013
